THE FOOLISH LITTLE BEE.
Many years ago, no doubt,
in schoolbooks you would see
A warning to improve each hour,
Like the busy little bee.

But now you wonder why a bee
Gets fool ideas in his head,
And labors hard to gather sweets
For you to smear on bread.

IMMENSE DIMENSIONS

Continental's Maysville Plant Will Be a "Cracker Jack"

Ground was broken yesterday by Contractor I. M. Lane for the Maysville Warehouse Company's big buildings, to be occupied by the Continental Tobacco Company, on the line of the C. and O. Railway East of Union street.

To give some idea of the immensity of these buildings—there being two of them—

The Factory, beginning at the corner of Third and Union, will run South on Union 220 feet, extending this width East along the C. and O. Railway 50 feet, when it will recede 8 feet to allow for a platform, thence continuing Eastward 192 feet 2 inches—making the area covered by the Factory and platform 220×242 feet 2 inches.

Just East of the Factory will be an area of some 90 feet, when will come—the Warehouse, 229×212 feet, making the aggregate length, East and West, of the buildings alone, 471 feet 2 inches by 212 feet in width, or about 100,000 feet of floor space.

At the corner of Third and Union will be the boiler room, 50×52 feet, and the office will be at the corner of Union street and Forest avenue.

The Factory will be divided into three rooms—the Pickling Room, the Machine Room and the Green Market Room, and one of the machinists to be installed will be more than 102 feet in length.

When the plant is equipped it will represent an outlay of nearly \$100,000, and altogether it is "the biggest thing" that Maysville has yet encountered in the way of advancement.

May the good Lord give us a chance to vote on having some more of the same sort!

WHAT SHALL I GET FOR SUPPER? We hear this every day. At our place the question is easily answered. Delicious Boiled Ham. It is sliced, bone and fat removed, ready for use. Lunch Tongue. DWELLING BURNED

Home of Mr. Thomas B. Roberson Destroyed Yesterday Morning.

Yesterday morning during the absence of Mr. Thomas B. Roberson and family, who were in this city, their home three miles South of Mayslick caught fire and was destroyed.

The origin of the flames was not learned.

The dwelling was a good two-story frame, and only a small part of the household goods was saved.

The house was valued at \$2,500, and the loss is total, with an insurance of \$1,000 in the old reliable Farmers' Mutual, which will be paid in full in less than sixty days.

Mr. Roberson is a brother of Sheriff James R. Roberson of this city, and his friends will regret to learn of his loss.

A REVISED list of the casualties resulting from the country's celebration of the Fourth of July places the number of dead at 52 and the injured at 3,049. The figures for Chicago are 1 dead and 101 injured, with 65 hurt by fireworks, 9 by cannon, 14 by firearms, 9 by gunpowder and 4 by toy pistols. Lockjaw in a few days will begin to reap its harvest. Physicians, however, are treating blank cartridge wounds more carefully this year than ever before, and in a number of cities lockjaw antitoxin has been distributed for their use. The death roll this year is one less than that of 1903, and the number of injured is 616 smaller. The fire loss was \$80,000 less than that of last year. Altogether, it was an expensive jubilation and an idiotic one.

WHEN the canteen went forth from the army reservations the saloon camped right across the road, and, so far as liquor and its consumption

are concerned, the last state of the soldier is worse than the first. The Army and Navy Register cites the fact—and gives the locations—that since

the year in which the canteen was abolished, 1901, more than seven hundred saloons have been established in the immediate vicinity of army posts. Within the lines of the reservations the Secretary of War, through the com-

Please Explain.

manding officers of the posts, could control the quality and the quantity of the liquors sold at the bar of the canteen, and no blne coat ever contracted a reptilian nor a simian fit because of the beer or wine he imbibed within the lines.

It is altogether otherwise today. Neither the Secretary of War nor the commandants of the posts have the slightest control over the vendors of the stuff which the soldier buys and drinks, nor over the management of the places where the drinking is done until all the money of the soldier has been passed over the bar of the dive or taken from his pockets after a drugging has been administered. The cause of genuine dissipation has been advanced by the abolition of the canteen—but not the cause of genuine temperance.

In the days of the canteen the soldier drank no more than was good for him, and was not allowed to attempt thefeat. In the days of the dive he drinks as much as he wants to drink of the vilest quality of liquor, or he drinks as much as the divekeeper thinks he ought to be allowed to drink until drugging time is at hand. In making his campaign for the Presidency, says The Commercial Tribune, Dr. SWALLOW might take up the subject and attempt to explain away the facts which every officer of the army—save two—have detailed of the evil effects of the abolition of the canteen and the growth of the dive just outside the lines of the military reservations.

The Unions have been hard hit in Boston by the decision of the Superior Court to the effect that a contract for employment exclusively of Union labor and the submission to the hours, wages and regulations of Labor Unions in the employment of help and apprentices is against public policy and void. The case involved a contract with a forfeit, and the forfeit was released.

HEALTHY MOTHERS.

Mothers should always keep in good bodily health. They owe it to their children. Yet it is no unusual sight to see a mother, with babe in arms, coughing violently and exhibiting all the symptoms of a consumptive tendency. And why should this dangerous condition exist, dangerous alike to mother and child, when Dr. Hosche's German Syrup would put a stop to it at once? No mother should be without this old and tried remedy in the house—for its timely use will promptly cure any lung, throat or bronchial trouble in herself or her children. The worst cough or cold can be speedily cured by German Syrup; so can a horseback and congestion of the bronchial tubes. It makes expectoration easy, and gives instant relief and refreshing rest to the cough-racked consumptive. New trial bottles, 25c; large size, 75c. For sale by Henry W. Ray, Postoffice Druggist.

A substantial rain and rise are reported from Oil City, which may be sufficient volume to allow the shipment of coal. At any rate the present rise will stay the fall in the rivers for the packets.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.
It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle Home of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Sunday afternoon quite a number of our young people drove to the river for a boat ride. Although their skiff was leaky—drenching them thoroughly; although they had to hasten ashore so as not to interfere with a passing steamer, yet their ride on the beautiful Ohio was most enjoyable. But all pleasures have an end, so the merry party decided to hurry home and go to Church in order to atone for desecrating the Sabbath. Reaching their buggies they were perplexed and enraged to discover that some toughs had removed the wheels and had done other mischief, but at last all was righted and they drove like Jehu to reach Ebenezer Church in time to hear a good sermon, arriving just as the congregation was leaving. May the same party have such pleasures again.

Messrs. Rees & Kirk yesterday shipped 22 lambs to Jersey City over the L. and N.

KICK AND SCREAM

Baby's Awful Suffering from Eczema.

Could Not Hold Her. She Tore Her Face and Arms.

Cuticura Saved Her Life, So Mother Says.

"When my little girl was six months old, she had eczema. We had used cold creams and all kinds of remedies, but nothing did her any good, in fact, she kept getting worse. I used to wrap her hands up, and when I would dress her, I had to put her on the table for I could not hold her. She would kick and scream, and when she could, she would tear her face and arms almost to pieces. I used four boxes of Cuticura Ointment, two cakes of Cuticura Soap, and gave her the Cuticura Resolvent, and she was cured, and I see no traces of the humor left. I can truthfully say that they have saved her life, and any one suffering as she did, I should advise them to give Cuticura a fair trial." MRS. G. A. CONRAD, Lisbon, N. H., Feb. 7, 1898.

Five years later, viz., Feb. 23, 1903, Mrs. Conrad writes:

"It is with pleasure that I can inform you that the cure has been permanent as it is now six years since she was cured, and there has been no return of the disease since, and I have advised a lot of friends to use the Cuticura Remedies in all diseases of the skin." Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure and panacea of emollients, to be followed in severe cases by mild doses of Cuticura Resolvent. This is the purest, sweetest, most speedy, permanent and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted and pimply skin and scalp humours, eczemas, rashes and irritations.

Mr. William F. Schoeler left yesterday for Mr. Sterling.

Acting Governor Thorne yesterday granted a pardon to Mrs. Nancy May, aged 19, of Leslie county, just sentenced to the Penitentiary for 10 years for the killing of Alice Smith, a young girl whom she charged with alienating the affections of her husband. Mrs. May was taken to Frankfort with her three-months-old son, who was born in the jail at Hyden. She is an intelligent, good-looking young woman.
